

Our family and many of our friends here in Arizona listen to AIR 1 radio. It is a positive, up-lifting, Christian music station. It has had such a positive influence on our lives that we choose to support it financially. It is completely listener-supported; they do not receive money by running commercials. Needless to say, we would be extremely disappointed to find out that it was taken off the air in our area because LPFM stations have taken priority over FM translator services. Please consider the effect that your decision would have on our local community if you were to decide to make LPFM stations priority. There is a lot of very valuable programming on stations that are currently using FM translators. And AIR 1 is one of those programs. Please don't force them off the air. Thank you.
